

JSW Renewables arm acquire 45 MW Vashpet wind project from Reliance Power

It was indeed our privilege to support JSW Energy in its acquisition of the 45 MW Vashpet wind energy project from Reliance Power. Our Transaction Services and Transaction Tax team performed due diligence and advised on tax structuring, including the aspects of transaction documentation.

It was a great experience to work with the JSW Energy team which included Pritesh Vinay, Abhay Yagnik, Prafull Katiyar, Bharat Sharda, Hirva Shah along with their other team members. The RBSA team covered Chetan Khandhadia, Ravi Mehta, Sachin Shah, Dhaval Sata, Amrita Bhatnagar along with other team members. Our sincere thanks to the JSW Group and the JSW Energy team, in specific, for allowing us this opportunity. We thrive to a deep-rooted relationship.
