4. AN OVERVIEW OF THE COMPANY

4.1. Athena Chhattisgarh Power Limited (Corporate Debtor or Company or ACPL) was incorporated on 14 February 2007 as a Special Purpose Vehicle for developing and implementing a domestic coal fired thermal power plant at Singhitarai in Jhanjgir Champa district of Chhattisgarh state with a planned capacity of 1200 MW (2x 600MW).

4.2. The Power Project is with 2 nos. of pulverized Coal Fired Steam Generators, 2 nos. of steam turbine generator in sets of 600 MW each and associated balance of plant. Installation of plant could not be completed due to lack of availability of funds.

4.3. The installation work was carried till September 2016 by the erstwhile management of the Company and the completed installation capacity for Unit - 1 as % of total installation work is 80% and the completed installation capacity for Unit – 2 as % of total installation work is 30%.

4.4. The Company has acquired most of the land required for the project (approx. 964 acres). Majority of the land has been leased by Chhattisgarh State Industrial Development Corporation for a period of ninety-nine years to the Company.

4.5. In 16.02.2012 and 28.03.2016, ACPL had entered into a long-term lease agreement of 99 years with Governor of Chhattisgarh. In the said lease deed, there is a clause stating that in case the lessee becomes insolvent and/or goes into liquidation voluntarily or otherwise then the said lease shall be deemed to have been terminated.

For the abovementioned clause Liquidator has taken 2 legal opinions from different learned legal professionals where in it was opined that, as per the Lease Deed, the Lessor shall give a notice for rectification of the breach within 60 days of such notice in accordance with Para 34 of the Lease Deed. Since, there is no notice of termination from the Lessor, the leasehold rights are valid and subsisting as of on the date of the opinions. However, we suggest that the Bidder shall independently assess and may obtain clarification from the lessor, if required.

Further as per the legal opinion received from India Law LLP, permission of Lessor is required in case of change in constitution of Lessee, which is reiterated as under:

“23. The Lessee shall not change the constitution of ownership of the unit without the prior permission of the Lessor in writing. For the purpose of this clause, change in constitution shall have the meaning provided in the ‘Said Rule’ and if there is change in constitution of the ownership as per the relevant provision of the said Rule, the prevailing fees/charges for the same shall be payable on the date of change with penalty as per the ‘Said Rule’. Accordingly, permission of the Lessor is required for change in constitution of the Lessee. Liquidator can sell the property on as is where basis with proper disclaimers. Thereafter, the buyer shall be responsible to approach the Lessor for its consent”

4.6. As per the R & R policy of state government of Chhattisgarh, when land is acquired for setting up an industry, the land losers would be compensated according to the prevailing land rates by the developer. Apart from this, as per the sustainable initiative, one member of the family of these land losers needs to be provided with employment in the plant in a prescribed time line on mandatory basis. In the present case, as the plant didn't complete its installation as per the timelines and commercial production is yet to be achieved, the erstwhile management had started compensating the land losers with minimum wages to meet the statutory regulation/requirement, which was stopped since the Application with Hon'ble NCLT was moved for initiation of CIRP. After initiation of CIRP this payment was made for certain months and stopped thereafter due to liquidity crunch. As this is statutory payment, this needs to be cleared. More importantly the Upper Collector of Janjgir Champa district is also involved in this issue. To have support and in legal compliance from the district administration, the payment to the land losers is to be complied with.
